2-15

newSCIENTIST

Index Volume 36

5 October — 28 December 1967

Editorial Offices:

Cromwell House, Fulwood Place, High Holborn, London, WC1

Number	Date of issue	Page numbers
565	5 October	1-64
566	12 October	65-128
567	19 October	129-200
568	26 October	201-264
569	2 November	265-320
570	9 November	321-392
571	16 November	393-456
572	23 November	457-520
573	30 November	521-576
574	7 December	577-632
575	14 December	633-696
576	21 December	697-736
577	28 December	737-776

SUBJECT INDEX

Accelerator, nuclear, 300 GeV, housing of 70
6-GeV electron synchrotron, Russia 371
70-GeV proton synchrotron, Russia 371
200-GeV proton synchrotron, U.S. 371
Accident victims, kidney removal from 500
Acetylenes, sulphur-substituted, for thi-irene ring compounds 110
Acoustic fatigue test laboratory 762
Acoustic pulses from semiconductor 110
Acoustic waves in electronic circuits 206
Active distributed network for integrated circuit 223
Adhesive pad for articles loose in aircraft 544
Adhesives, surgical 27
Adiponitrile, manufacture of 346
Aérotrain, tracked hovercraft 661
African hunting dog, behaviour study 668
Ageing, biological, study of 46
effects of stress on 767
Ageing tissue, enzyme levels in 39
Agricultural aircraft with new wing 47, 117
Air-conditioned bed, Dormair 345
Air defence interceptions, computer control of 307
Air flow, two-dimensional, in turbulence 767
Air pollution hazards to crop growth 225
Air traffic control, Digitrace display system 151
Air travel, intercontinental, and circadian rhythm 272
Aircraft, agricultural, with new wing 47, 117
aluminium, with Mach 6 speed 328, 770
angle of attack indicator for 290
articles loose in, adhesive pad for 544
BAC 2-11, abandonment for collaboration on air bus 208
Baron six-seater, turbochargers for 91
Boeing 747, leading-edge flap for 761
C-5A jumbo jet, military 583
Comet airliner crash, cause of 146
flight recorder recovery 377, 435, 442, 506-507
Concorde supersonic airliner, arrester net 745
economics of 637, 645-647
television as aid to taxi-ing 601
disabled, wing jettison and parachute system for 658
F-111, performance of 137
glass fibre containers for 26
high-lift devices on 224
Phantom, modification difficulties 271
turbulence, clear-air, infrared detection of 603
Aircraft collision, avoidance system 345
with birds 18, 183
Aircraft flight recorder location, electronic pingers for 435
Aircraft galleys, refrigeration system for 343
Aircraft industry development, European cooperation 743
Aircraft runways, fog dispersal from 347
Aircraft test flying behaviour, computer measurement of 403
Airfield, Delta mower for 660
Airports, costal, sea bird problem 465
Schiphol, Holland, passenger handling at 771
Alcock, G.E.D., nova Delphinus 403
Alcohol, effects of, on gout 109
intolerance of cervical cancer sufferers 703
metabolism of 539
Aldabra, aircraft collision with birds 183
plea for preservation 6, 442, 461, 471-472
reprieve for 525
Algae, blue-green, virus clearing of 677
insect dispersion of 557
Alligator, conservation of 7
Alternator, car, integrated circuit regulator 87
Aluminium aircraft with Mach 6 speed 328, 770
Aluminium pole-mounted transformers 418
Aluminium sheet protection, cladding for 291
Aluminium strip production, Pechiney 480
Amorphuous bismith films for study of superconductivity 370
Amplifier, ultra-powerful electronic 744
Anaemia, pernicious, and infertility 724
survey on 756
Anaesthetics mechanism 306
Analysis, gas, in metals, automatic 155
Angle of attack indicator for aircraft 290
Animal feeding ban, London Zoo 702
Animal hibernation, glucose concentration during 498
Animal husbandry, antibiotics in 33
Animal production, economics of sugar feeding, 31, 251-252
Animals, wild, breeding programmes 158
with exotic metabolisms 332, 563
Antarctic waters, Discovery investigations of 502
Antibiotics in animal husbandry 33
Antibodies, leopard shark 615
Anti-missiles, international development of 746
Apes, line of evolution from 673
Aphids, pressure feeding of 499
Apollo manned space flight, continuation of 235
Apple seedlings, sorting out 224
Applied Physics, Kharkov Institute of, research at 276

Apricot dessiccation, treatment for 760
Arctic lupin, discovery and germination of 148
Arm, Snake flexible, as aid to surgeon 762
Army, Doppler ultrasonic radar technique for 506
Arrester net for Concorde supersonic airliner 745
Art, containers for works of 72
Arthritic hands, plastic knuckles for 403
Ascorbic acid for orange abscission 544
Aspirin poisoning, fungus breakdown of 371, 730
Astronautical Congress, International (Belgrade) 16
Astronauts, computer memory for 601
fireproof clothing for 545
Atherosclerosis and tea drinking 677
Atmospheric turbulence, high-level 478
Atomic blasts, laboratory simulation of 437
Atomic-powered ship, dual purpose 91
Authors of scientific papers, self-examination 712
Auxin hormones, effect on plant growth 428

BAC 2-11, abandonment for collaboration on air bus 208
Bacteria, and moulds, conflict between 237
insecticide degradation 616
Baikal, Lake, expedition 402
Bali goat, disappearance of 771
Balloon, power station, with wind-driven generator 7
Balloon excavator 289
Barley for arid regions 152
Bar-O-Mat computer for bar tending 185
Baron six-seater aircraft, turbochargers for 91
Bathtub, Vogue 1700, new design for 271
Bats, sonar signal frequency regulation 555, 685
Batteries, human, last word on 704
Bearing, roller, Rolamite 289
Bed, air-conditioned, Dormair 345
Bed rest myth for sick child 177
Bedlam, last word on 73
Bees, effect of food odour on 270
honey, sound communication 239
primitive social, communication 239
Berne Copyright Convention Protocol, protest against 308
Beta Fiberglas, fireproof clothing for astronauts 545
Bethe, H., Nobel prize for physics 278
Bibliographic records, computer handling of 180
Bibliography, plea for standardization in 729
Binocular vision study in octopus 649
Biological ageing, study of 46
Biological laboratory of Hirohito (supplement) between 424-425
Biological recording of flora and fauna 8
Bird ringing report, British Trust for Ornithology 529
Bird vertebrae, effect of temperature on 724
Birds, assessment of damage by 18
collision with aircraft 18, 183
Birds of prey, egg contamination 273
Birth control and cancer 307
Blackett, P.M.S., Order of Merit award 561
Blastema, effect of, cell differentiation 239
Blood, warm, perfusion, cancer treatment by 556
Blood fat level, danger of 81
Blood flow speed, Doppler indication of 157, 684
Board of Medicine, US, function of 463
Boeing 747 jet liner, leading-edge 761
Boiling, bubbles study 677
Bombs, nuclear 401
orbital, Russia unveiling of 327
Borer, tunnel, new-style 29
Boron filaments 437
Bos bonasus, birth in captivity 329
Boules, large, study of 616
Brain, expectancy wave, investigation of 592
Brain drain 69, 140, 142, 144, 251, 622
Bread manufacture, plant protein for 225
Breathalyzer tests 185
Breeding programmes, intensive, of zoos 158
Brinell tester, field, hardness measurement by 87
British Association, presidential address to Mathematics and Physics Section 46
British Occupational Hygiene Society, hazards in shipyards and docks 6
British Trust for Ornithology, bird ringing report 529
British Welding Research Association, welding courses 117, 253
Bubble behaviour, in mercury study 288
in molten silver study 288
Bullfrogs, learning ability 71
Buoys, monster, for atmosphere-ocean interaction study 41
Burette, piston, for automatic titration 155

Cables, copper salvage from 585
superconducting, laser welding of 87
undersea, lightweight 290
Caffeine extraction from instant coffee 251
Canada, wetland conservation for bird life 711
Canal, Europa, storage locks for 602
Union, salvaging of 72
Cancer, birth control and 307
cervical, sufferers, alcohol intolerance of 703
research, immunotherapy in 270
treatment by warm blood perfusion 556
Carbon, new oxides of 239
vitreous, preparation and use of 761
Carbonyl pseudohalides, preparation of 766
Caribbean, oceanographic study of 421
Cattle, weed killing 684
Cavendish, H., experimental work of 374
Cell differentiation, effect of blastema 239
Central Electricity Generating Board, MHD project 701, 748
Ceramics, research tools for 530
Ceratotherium, behaviour study 463
Cern, 300-GeV proton accelerator 731
Cerro Torre mountain, plastic igloo for 89
Cervical cancer sufferers, alcohol intolerance of 703
Chemical industry, Common Market effect on 331
Japan (supplement) between 424-425
Chemical reaction, study of fast 280
Chemo-sterilant, SC-12937 for pigeons 153
Children, scientific kits for 608
sick, bed rest myth for 177
with missing autosomal chromosome 178
Chinaberries for locust control 238
Chlorella cultivator 331
Chlorophyll, green pigment of 438
Cholestyramine reduction of blood fat 81
Chromosome, autosomal, child with missing 178
Cinematic Mark I, control of film projection 227
Circadian rhythm, intercontinental air travel effect on 272
Cladding for aluminium sheet protection 291
Clarke, A.C., geo-stationary communications satellites 46
Clean Air, National Society for, conference 138
Clivus system for organic waste disposal 483
Clothing, fireproof, for astronauts 545
Cloud height measurement by three-dimensional photographs 40
Coating, high-temperature corrosion resistant 417
Cobalt in freshwater fish breeding 344
Coccoliths as Ice Age temperature indicators 725
Cockle gathering, continuous-lift dredge for 153
Co-current operation for mass-transfer process 417
Coffee, instant, caffeine extraction from 251
Cold deposition technique for networks 291
Collision, aircraft. See Aircraft collision
Comet, Halley's, space probe interception of 183
Comet airliner crash, cause of 146
flight recorder recovery 377, 435, 442, 506-507
Committee on Manpower Resources, working group on migration report 69, 622
Common land registration 528, 684
Common Market, effect on chemical industries 331
Communications satellites. See Satellites
Components, machine-made, classification of 46
Compost, old, mushrooms from 763
Comprehensive schools and science and mathematics teachers 46, 116, 377
Computer aid for two-lane roads 465
Computer-assisted design system 272
Computer control, of air defence interceptions 307
of concrete factory 347
of hospital records 291
Computer draughting machine, laser stylus for 659
Computer element, semiconductor laser 704
Computer-generated information, conversion to readable text 483
Computer handling of bibliographic records 180
Computer measurement of aircraft test flying behaviour 403
Computer memory, for astronauts 601
thin film 13
Computer network for government departments, India 403
Computer programme standard routines, PROMPT 343
Computer reactive display, designer communication with 543
Computer service, management information, misconceptions in 136
Computer software, wider understanding of 360
Computer synchronization of traffice signals 27
Computer teaching of singing 302
Computers, as punter 139
Bar-O-Mat, for bar tending 185
for off-shore oil drilling 88
for taxonomy 526
future problems 9
ICT 1906A 223
in mathematics, B. Thwaites 491
Japan (supplement) between 424-425
mass-memory systems 415
System 4, platters for 154
television pictures by 152
White Paper on 638
Concorde supersonic airliner, arrrester net for 745
economics of 637, 645-647
television as aid to taxi-ing 601
Concrete factory, computer control of 347
Concrete pressure vessel, prestressed, for nuclear reactor 479
Confined space inactivity, study of 80
Containers, for works of art 72
glass fibre, for aircraft 26
Continuous-lift dredge for cockle fathering 153
Conveyor belt abrasion resistance, measurement of 27
Copper salvage from cables 585
Copyright Convention Protocal, Berne, protest against 308
Coronagraph building by Russia 178
Coronary disease, effects of, on post-menopause women 40
Cosmic-ray dating 526
Cosmic-ray history, mica crystal study for 615
Cotgrove, S., personality of scientists 329
Cotton, polystyrene combination with 763
Cotton spinning, BD 200 open-end frame for 90
Cotton stretch fabrics, compacting process for 225
Council for Scientific Policy, report 271
Cows, milk yield, effect of weather 184
Cranes, overhead travelling, electro-magnetic oscillations for 225
Sandhill, grain damage by 331
whooping, behaviour study 70
Credit cards, all-purpose 731
Crop growth, air pollution hazards to 225
Crop spraying, hovercraft for 602
Cryogenic linear electron accelerators 663
Crystal optics, P. Gay review of 378
Crystallography, quantum, phenomenon of 677
Cultivator, chlorella, life in 331
Curie, Marie, life and work of 388, 563

Dam, Mangla, Pakistan 487
Darwin and Henslow, correspondence between 114
Datafair at Southampton University 9
Dating, cosmic-ray 526
Decca navigation receiver for ground forces 416
Defence policies, international, futility of 746
Degree successes by ONC entrants 330
Delphacodes striatellus, carrier of rough dwarf maize disease 720
Deka mower for airfield 660
Deposition, cold, networks 291
Desalination plant 273, 526
Desalination research programme 741
Design system, computer-assisted 272
Designer communication with computer reactive display 543
Devaluation, advantages of 563
Developing countries, fortified food for 328
Diamond heat sink for avalanche oscillators 480
Diamond technology, conference papers 305

Diastrophism, periodic, effect on marine regression 555
Diet, aromatic and flavouring substances in 462, 684
Digitrace, automatic secondary radar system 151
Diquat herbicide, effect of darkness 499
Disabled persons, page-turning device for 482
Disaster predications in technological age 327, 354-355
Discovery investigations of Antarctic waters 502
Diving board breakage, study of 547
DNA, synthesis of 728
Dock, dry, replacement by hydraulic lift 418
Dock workers, hazards for 6
Document copier, storage unit for 299
Dodecahedron house of future 483
Dogs, African hunting, behaviour study 668
female, mating behaviour study 617, 770
Dome town proposals 548, 549
Doodling creation of mathematical theorem 102, 442
correction 252
Doppler, indication of blood flow speed 157, 684
ultrasonic radar technique for Army 506
Dormair air-conditioned bed 345
Draughting machine, computer, laser stylus for 659
Drawing-measuring machine, automated 287
Dredge, continuous-lift, for cockle gathering 153
Drilling of ocean floor 84
Driver performance testing, stressalyzer for 7
Drivers, effect of drugs on 70
Drosophila, mating by sound 230, 307
Drug detector for cars 544
Drugs, effect on drivers 70
Dustmen, last word on 331
Dwarf maize disease, planthopper carrier of 720
Dynamo, superconducting, solenoid magnet 617

Earth wobble, effect of earthquakes on 437
Earthquakes, effect of Earth wobble 437
prediction by piezo-magnetic rocks 176
prediction by radon measurement for 555
railway flare warning signal 290
Earth's magnetic field, slow changes in 474
Earwax, racial origins from 638
Economics of Reliability of Supply, conference 93
Education, higher, science and technology in, female emanicipation in 744
mass, through television satellite 330
Eels, diet of 679
Egg contamination, birds of prey 273
Egyptian mathematical ability in Moscow Mathematical Papyrus 638
Eigen, M., Nobel prize for chemistry 280
Electric power, from solid wastes and refuse 761
low temperatures in 604
Electric power system, reliability of 93
Electric propulsion units for communication satellites 74
Electro-chemical machining 745
Electrochemistry, society for 441
Electrohydraulic forming of metal components 671
Electro-magnetic oscillations for overhead travelling cranes 225
Electron accelerators, cryogenic linear 663
Electron diffraction thin films study 408
Electron-excited luminescence analysis of minerals from Moon 615
Electron microscope study of Golgi apparatus 293
Electron microscopes, Japan (supplement) between 424-425
Electron microscopy, low-temperature 371
thin films study 408
Electronic circuits, acoustic waves in 206
Electronics industry, Japan (supplement) between 424-425
Electrons, hydrated, flash photolysis production of 557
in metals, gravitational effects on 556
slow, for testing microcircuits 722
Electroslag Refining Technology 26
Elements, primordial, magnetism in fractionating 12, 252
Elephant invasion of Serengeti Park 704
Eliminate Range Zero System. See EROS
Elk, rutting study 207-208
Emigration, reasons for 142
Engine, Wankel rotary 154
Engineer, attitude towards industry 141
view of brain drain 144
Engineering science at university, handbook 307
Enzyme levels in ageing tissue 39
Enzymes, three-dimensional structure 218
Epoxy resins, underwater application of 417
Ergonomics, in Machine Design, International Symposium on 138, 442
Erinaceus europaeus, behaviour of 743
EROS, aircraft collision avoidance system 345
Escherichia coli, genetic code, solving of 533
ESP, science and 377
ESRO, future of 742
Euratom study of food irradiation 582
Europa Canal, storage locks for 602
Europe, technological collaboration with 401
technological gap between US and 405
technology students courses in 272
European Aerospace, Action Committee for, memorandum 618
European Community for Atomic Energy. See Euratom
European Economic Community, Britain in relationship to 581
European Space Research Organization. See ESRO
Eurovision television communication satellite 208
Everglades, Florida, drought in 639
Excavator, balloon 289
Experiments in Art and Technology Inc. 308
Explorer 35 data analysis for Moon's magnetic field 617
Extrusion, hydrostatic, of metals 760
steel, lubricants for 544
Eye movements, study of 71

F-111 aircraft, performance of 137
Fairy godmothers, last word on 745
Faraday, Michael, work of 46
Fat content of milk, measurement of 288
Fatigue test laboratory, acoustic 762
Fermi, E., chain reaction anniversary 589
Fertilizer spreading, foam marking of 547
Fever, green monkey 330
Fibre-polymer industry, history of 249
Fibre-reinforced metals, extrusion tests 481
Filaments, boron 437
Film, science on 42
thin 13, 408
Film projector, automatic control of 227
Fire-irons, last word on 465
Fireproof clothing for astronauts 545
Firms, small, research in 352, 507, 622
Fish, eating pond water weeds 89
mercury polluted water effect on 585
Fish breeding, freshwater, cobalt in 344
Flames, and sound 497
augmented, stable d.c. for 90
Flap, leading-edge, for Boeing 747 jumbo jet liner 761
Flash photolysis production of hydrated electrons 557
Flat dwellers and sickness rate 464
Flat-Earth, theory of 47
Float-glass process modification 600
Florida, Everglades, drought in 639
Flowstacka device for steel pressings warehouse 722
Flue gases, sulphur extraction from 281
Fluidic 220 for numerical control of machine tools 658
Flume, wind-wave 415
Fluorides from exploding metal 679
Fluoroscan, diagnosis of viral infections 207
Foam formulations, pinewood resin for 151
Foam marking of fertilizer spreading 547
Foetus, effect of sound on 640
Fog, dispersal from aircraft runways 347
Foidin machines for peat production 416
Food, fortified, for developing countries 328
Food irradiation, Euratom study of 582
Foot-and-mouth virus, control of 586
Football, violent, last word on 529
Forest cargo, gyro carrier for 661
Forestry, three-dimensional 306
Forgetting of unpleasant memories 369
Forming, electrohydraulic, of metal components 671
Fractional orbital bombardment system 327
Fractionation of solar system, magnetism in 252
Fractionator, Penchem, for low pressure distillation 722
France, nuclear power stations 330
Space Youth Clubs 463, 685
Friction reduction in plough 291
Fruit crops, pollination of (booklet) 723
Fruit fly, mating by sound 230, 307
Fruit storage, atmosphere for 723
Fruit tree shoots, effect of temperature on 762
Fuel cell, industrial application of 21
Fuel policy, White Paper on 476, 622, 684, 729
Fungus breakdown of aspirin poisoning 371, 730
Future, research on 354

Gas and solid surface, heat transfer between 760
Gas analysis, for life detection on planet 725
in metals, automatic 155
Gas industry, Russia, natural gas project 139
Gas-oil, protein from 468
Gas plants, total energy systems for 534
Gasbuggy, Plowshare nuclear explosion programme 221
Gasket assemblies, sealometer performance calculator 346
Generator, MHD. See MHD
wind-driven, power station balloon with 7
Genetic code 497, 533
Geological layer as waveguide 425
German projects on plasma physics 237
Germany, competitor interest in Japan 527
nuclear energy research in 228
Germination inhibition of jack pines 767
Glass, float, process modification 600
manufacture, sand moisture detection in 603
Glass fibre, containers for aircraft 26
fireproof clothing for astronauts 545
Glass fibre filling, thermoplastic with 721
Glaucoma, portable instrument for diagnosis 721
Glucose concentration during animal hibernation 498
Goat, Bali, disappearance of 771
Goelro plan for industrial progress 274
correction 378
Golf myths, last word on 209
Golgi apparatus, electron microscope study of 293
Gout, effects of alcohol on 109
Government and scientific research 5
Grain damage by Sandhill cranes 331
Gravitational waves, detection of 438
Green monkey fever 330
Greenwich Mean time, legislation for abandonment 233
Grinding plant for phenolic resins 226
Gulf Stream exploration by submersible, PX-15 584
Gun launching of space probes 337
Gunn effect device, circular, tuning of 556
Gunn oscillator, power output 347
Gyro carrier for forest cargo 661

Halley's comet, space probe interception of 183
Hands, arthritic, plastic knuckles for 403
Hardness measurement by field Brinell tester 87
Harvard University, Program for Science 526
Haymaking, instant, paraquat spray for 478
Headset, noise reduction 482
Heart examination by ultrasound 404
Heart transplantation 584, 729
Heart valve substitution 438
Heat pulses in helium II 111
Heat transfer between gas and solid surface 760
Hedgehog, behaviour of 743
Helium, liquid, film, rotation of 616
Helium II, heat pulses in 111
Herbicide, dawn application of 207
effect of darkness 499
Hibernation, animal, glucose concentration 498
High-lift devices on aircraft 224
Hirohito, Emperor of Japan, biological laboratory of (supplement) between 424-425
Holography, new technique employing scenic models 600
Hormones, auxin, effect on plant growth 428
Hospital records, computer control of 291
Hotels, orbiter, last word on 9
House, of future, dodecahedron 483
re-levelling, jacks for 601
Hovercraft, classification of 703
for crop spraying 602
for hydrographic surveys 543
SRN4, launching and development prospects 215

tracked, Aérotrain 661
Human batteries, last word on 704
Human temperature-stress, measurement of 238
Humidity, effects on vegetable storage 226
measurement, rapid response 153
Hydraulic lift, dry dock replacement by 418
Hydrobiological research, Lake Kariba 750
Hydrogen, deuterated, polarized chunks of 557
Hydrogen pellets for plasma ionization 40
Hydrographic surveys, hovercraft for 543
Hydrostatic extrusion of metals 760
Hygrometer, rapid response 153

IBM, expansion in Europe 71
Ice Age temperature indicators, coccoliths as 725
Igloo, plastic, for Cerro Torre mountain 89
Immunotherapy in cancer research 270
Imperial College, Optical Design Group 582
welding courses at BWRA 117, 253
India, computer network for government 403
satellite communication college 702
Industrial measuring instruments, quality assessment of 431
Industrial units at universities 583
Industry, social attitude towards 141
university collaboration with, proposals 505
Infertility and pernicious anaemia 724
Inflatable people, last word on 405
Influenza epidemics, prediction of 137
Information, management, computer service 136
Information searching methods, survey 329
Infrared detection of clear-air turbulence 603
Infrared detector, pyroelectric crystals for 226
Infrared radiation conversion to visible light 416
Insect control, "sterile male" method 481
Insect dispersion of protozoa and algae 557
Insecticide, bacteria degradation of 616
female spreading of 703
from Pyrethrum flowers 270
plant resistance to 410
Institute of Mathematics and its Applications, presidential address 491
Institution of Electrical Engineers, conference on machining techniques 745
Instrument Evaluation Symposium 431
Insulation, sound, multi-layer walls for 152
Integrated circuit, active distributed network for 223
regulator for car alternator 87
Interferometer, Michelson, for laser mirror 678
Interferon, induction of 724
Intergovernmental Oceanographic Commission, study of Mediterranean and Caribbean 421
International Astronautical Congress (Belgrade) 16
International Atomic Energy Agency symposium 136
International Future Research Congress 48
International Statistical Year Survey 137
International Summer School on Disarmament and Arms Control, Pugwash Movement 639
International Symposium on Ergonomics in Machine Design 138, 442
Ionosphere, E-layer irregularities in 300
survival of micro-organisms in 370
Irradiation, food, Euratom study of 582
Isaac Newton telescope, inauguration of 536
Israel, future development of 252, 253, 770

Jacks for house re-levelling 601
Japan, chemical industry (supplement) between 424-425
computers (supplement) between 424-425
electron microscopes (supplement) between 424-425
electronics industry (supplement) between 424-425
Germany's competitor interest in 527
Hirohito, Emperor of, biological laboratory of (supplement) between 424-425
MHD power generation (supplement) between 424-425
nuclear power programme (supplement) between 424-425
railways, New Tokaido Line (supplement) between 424-425
steel industry (supplement) between 424-425
technological development (supplement) between 424-425
key events (supplement) between 424-425
telecommunications (supplement) between 424-425
Trans-Siberian railway agreement 731
Jericho, theory on walls of 464, 729
Jones' committee report on brain drain 140, 251
Joystick for radar operators 546

Kambing Gembrong, disappearance of 771
Kariba, Lake, hydrobiological research 750
Keldysh, M., work of 249
Kenaf plant for papermaking 660
Kerensky, O., honorary degree 680
Kharkov Institute of Applied Physics, research 276
Kidney machine, Cardiff 287
Kidney removal from accident victims 500
Knuckles, plastic, for arthritic hands 403
Kraken sea bed study 161

Labour party conference 5
Lake Baikal expedition 402
Lake Kariba, hydrobiological research 750
Lamps, tungsten halogen, two-filament 28
Land, common, registration 528, 684
Laser beam for plasma ionization 40
Laser erasion of tattoos 41
Laser mirror, Michelson interferometer for 678
Laser stylus for computer draughting machine 659
Laser welding of superconducting cables 87
Lasers, carbon dioxide, transmission difficulties 302
heat-driven 301
pump lamp for 289
Q-switched, short pulses of light 767
semiconductor, computer element 704
Lawnmowers, rotary engine for 154
Leading-edge flap for Boeing 747 jumbo jet liner 761
Learning ability, bullfrogs 71
Learning machines 6, 177, 328
Lens grinding by abrasive powder in ice 417
Life, origins and distribution of 332-334, 563
small pool origin of 334
detection on planet, gas analysis for 725
Lift, hydraulic, dry dock replacement by 418
water 404
Light, short pulses by Q-switched laser 767
visible, infrared radiation conversion to 416
Lightning discharges, research on 497
Lion, marsupial, discovery of 209
Literature, scientific, self-examination for authors 712
Loans, student, for higher education 306
Locks, storage, for Europa Canal 602
Locust, control by chinaberries 238
desert, recession of 98
London Zoo, animal feeding ban 702
Lubricants, acid phosphate impurities in 290
for steel extrusion 544
Lunar Orbiter photographs of Moon's surface 176, 708
Lupin, arctic, discovery and germination of 148
Lycaon, behaviour study 668
Lyrebird, birth in captivity 403

Machine Design, Ergonomics in, Symposium of 442
Machine tools, Fluidic 220 numerical control 658
Machining, electro-chemical 745
Macron accelerator for controlling nuclear fusion 47
Magnesium in soil, effect of 288
Magnesium ions in protein synthesis 109
Magnet, superconducting dynamo for 617
Magnetic field, Earth's, slow changes in 474
Magnetism in fractionating primordial elements 12, 252
Magnetohydrodynamic power generation. See MHD
Maize, dwarf, disease, planthopper carrier of 720
Management information computer service 136
Manager, role of 485, 622
Mangla dam, Pakistan 487
Manpower Resources, migration report 69, 622
Marathon runners, study of 766
Marine regression, periodic diastrophism 555
Mariner V observations of Venus 109
Mars, modified spacecraft for orbiting 720
Marsupial lion, discovery of 209
Mass-memory systems computer 415
Mass spectrometer, Mini-Q 302
Mass-transfer process, co-current operation for 417
Mathematical ability, Egyptian, in Moscow Mathematical Papyrus 638
Mathematical theorem, doodling creation of 42, 102
correction 252
Mathematics, computer in, B. Thwaites 491
in secondary schools, survey on 529
philosophers' dialogues on 246
role of imagination in 753
Mathematics teachers, comprehensive schools effect on 46, 116, 377
Measuring instruments, industrial, quality assessment of 431
Meat storage, effect of atmosphere on 479
Mechanical engineers, future 47
Medicine, Board of, US, function of 463
Mediterranean, oceanographic study of 421
Red Sea fauna invasion of 742
Meliantriol for locust control 238
Memories, unpleasant, forgetting of 369
Menura superba, birth in captivity 403
Mercury, bubble behaviour study in 288
Mercury polluted water, effect on fish 585
Metabolisms, exotic, animals with 332, 563
Metal components, electrohydraulic forming of 671
Metal oxide, void formation in 299
Metals, electrons in, gravitational effects 556
gas analysis in, automatic 155
hydrostatic extrusion of 760
rare, recovery from scrap 206
Meteoric dust, effect on VLF radio waves 498
Meteorological study, North Pacific control 41
MHD generator, continuous operation of 543
Russia, continuous operation of 600
MHD power generation, Japan (supplement) between 424-425
MHD research, future of 748
MHD test rig, Marchwood power station 701
Mica crystal study for cosmic-ray history 615
Michelson interferometer for laser mirror 678
Michigan University, Project 1111, Thailand 639
Microbes, sulphur-metabolizing 333
Microcircuits, automatic connection of 760
slow electrons for testing 722
Micro-electronic networks, cold deposition 291
Micro-organisms, movement of radioactive elements 678
survival in stratosphere and ionosphere 370
Microscope, electron. See Electron
Microseisms, monitoring with seismic geophones 678
Microtubule, study of 41
Microwave beacon, split-beam, navigational aid, for small ships 89
Microwave transmitter for radar scanner 660
Military music, last word on 139
Milk, fat content of, measurement of 288
Milk tank, automatic washing of 481
Milk yield, effect of weather 184
Mineral exploration, underground 660
Mini-Q mass spectrometer 302
Minnesota, dome city scheme 549
Mirror, quartz, telescope 418
MIRV distribution of nuclear warheads 744
Missiles, anti-missile, international development of 746
Mitochondria, origin of 370

Uraemia patients, low protein diet for 300
Urban development, traffic noise measurement in 648

Valve, servo, three-stage electrohydraulic 546
Vapour-cycle power units 412
Vapour pressure measurement 344
Varitherm, three terminal thermistor 88
Vegetable storage atmosphere 226, 723
Venera IV Venus probe 136
Venus, observations of 109, 136
Venus-4 space probe, successful soft landing 214
Vertebrae, bird, effect of temperature on 724
Viral infections, Fluoroscan, diagnosis of 207
Virus, nucleic acid, in potato spindle tuber 301
Virus clearing of blue-green algae 677
Visual physiology, mechanisms of 212
Vitreous carbon, preparation and use of 761
VLF transmitters, global aid to navigation 26
Vogue 1700 bathtub, new design for 271

Wall testing machine, Redland 223
Wallis, Barnes, Hon. Fellowship 618
Walls, multi-layer, for sound insulation 152
Wankel rotary engine 154
Warehouse, automatic, for steel pressings 722
Warren-Young wing form 47, 117
Waste, organic, disposal, Clivus system for 483
radioactive liquid conversion 483
Water lift 404
Water purification, rush for 41
Water weeds, plant-eating fish for control of 89
Waveguide, geological layer as 425
Weapons Research Establishment Satellite. See WRESAT
Weather Watch, World, contribution of UK 209
Weed-killer, dawn application of 207
Weed killing cattle 684
Weeds, last word on 585
water, plant-eating fish for control of 89
Welding, courses at BWRA 117, 253
laser, of superconducting cables 87
West Berlin, underground railway network 658
Wheat, rust-resistant, problems of 714
White Paper. See under specific subject
Whooping cranes, behaviour study 70
Wildfowl, wetland conservation for 711
Wildlife, preservation conference 583
World Fund 135, 377
Wind-driven generator, power station balloon with 7
Wind-tunnel tests for Pennine motorway, M62 659
Wind-wave flume 415
Window, plate glass, effect of supersonic bangs 346
Windscreens, shattered 723
Wing form, agricultural aircraft with 47, 117
Wisent, birth in captivity 329
Women, post-menopause, effects of coronary disease 40
Wood-plastic composite, properties and use of 551
Wool, white, yellowing inhibitor for 722
Woomera, withdrawal rumours 561
World population, control of 637, 652-655
World survival, misdirection of research 637
World Weather Watch, contribution of UK 209
World Wildlife Fund 135, 377
Worm, parasitic, rat resistance to 238
Wren's Nest, Dudley 138
WRESAT satellite 640

Yacht racing, new 'tactical weapon' 680
Yeast, survival on scalp 439

Zoological encyclopaedia (1658) 443
Zoological Society, subsidy for 618
Zoos, intensive breeding programmes of 158
London, animal feeding ban 702

AUTHOR INDEX

Agnew, J.W. review of 'An Age' 444
review of 'Destination: Void' 444
review of 'Imposion' 444
review of 'Make Room! Make Room!' 444
review of 'Plague of Demons' 444
review of 'Seedling Stars' 444
review of 'Tiger! Tiger!' 444
